

Kobian Announces Mercury Power Product UPS Series

CRN Network, May 25, 2010, 1200 hrs

Kobian under their brand **Mercury**, have announced the launch of their **Power Product** series in India. Among the new launches is Mercury **Elite 650 PRO** UPS, designed for corporate, small and medium business and home segment.

The 650 PRO includes input range of 140 to 300VAC. It also includes output short circuit protection and features like overcharge protection with sleek and compact design with CPU control. It will be available across the country with the Kobian's distributors at Rs 1,680.

Sushmita Das, Country Manager, **Kobian**, said "It gives us great pleasure to launch our Power Product series in India starting with home segment UPS including Mercury Elite 650 PRO, **Elite 800** and **Elite 1200** UPS. The series has the complete series of online UPS and home series Inverters. This is our attempt to bring value solutions to the consumers after understanding there need and demand. We are launching the Elite 650 PRO for the home and SOHO segment with a focus on the specifications and requirement of the masses."
